Finding Your Flashcards:
1. After you’ve logged into Quizlet, click on Dashboard
2. You will see a list of your Flashcard Sets
3. Click on any set to use it or edit it

Editing Your Flashcards:
1. From Dashboard, click on the flashcard set you’d like to edit
2. On the left side of the screen you have editing options:
   a. Edit this Set: When you click Edit this Set, you are brought back to the same page that you saw when you originally created the set (Edit as needed)
   b. Delete: This deletes the flashcard set

Practicing with the Flashcards:
- On the Set Page, you see an index card (default is to show the term & definition)
- Uncheck the box next to both sides to show only the definition. This allows you to click to flip the card over (revealing the term)
- The flashcard can be made full screen (helpful if practicing whole group)
- Terms can also be shuffled.

Term List Options:
- On the Set page under the Flashcard, there is term list.
- This list can be printed as a list or as flashcards
- You can also click on the speaker icon next to the term or definition to hear the term/definition aloud

NOTE: You can also change the language for the terms and definitions by clicking not English?

Learn Mode:
- From the Set Page, click Learn (under flashcard)
- This mode allows students to type in either the matching term or definition
- Keeps track of total, incorrect, and correct
- Choose options:
Quizlet

- Prompt with term or definition or Speak It.
- Grading: case sensitive, punctuation, spaces, parentheses
- Speak It: reads the prompt aloud
  - Students have the option to submit an answer, give up, or start over
  - When students (or you) are finished “Learning”, click **Back to Set Page**

**Games: Scatter**
- From the Set Page, click **Scatter** under the Flashcard
- Click **Start Game**
- Students will drag the corresponding terms & definitions together to make them disappear
- When they complete the game, they have the option to play again or go back to the set page

**Games: Space Race**
- From the Set Page, click **Space Race** under the Flashcard
- Click **Start Playing**
- Definitions will scroll across the screen
- Student type in the corresponding term and press enter to “kill” the words
- If the word(s) scroll across the page with no answer, you lose a life and the game gives you the answer that you copy
- As you move up levels, you earn more lives
- When the student is finished, they can start over or go back to the set page

**Test Mode**
You have 2 options for using the Test feature of Quizlet: As student practice or as an assessment maker

**Test Mode as Student Practice:**
1. From the Set Page, click **Test** (a test is automatically generated)
2. Students type in their answers
3. Click **Check Answers**
4. The students will then see a grade and a list of their responses (color coded – green for correct, red for incorrect)
5. For incorrect responses, the correct response is given
6. Students can then click **Regenerate Test** for more practice
Quizlet

7. Students can also change the question types and prompts (either term or definition)

Test Mode as Assessment Maker:
1. From the Set Page, click Test (a test is automatically generated)
2. Select your Question Types, Prompt With, and Question Limit from the list on the right
3. Click Reconfigure
4. Click Print this Test
5. For multiple versions of the text, click Regenerate Test and then Print this Test

Students Accessing Your Flashcards:
1. Students will go to quizlet.com
2. In the Search box, they will type your username (EX: imteacher)
3. Then click Search
4. It will say, “Looking for username imteacher?” - Students will click on your username
5. The students will then see all of the sets of flashcards that you’ve made

Logging Out:
